## **Work Experience**

---

### **Describe any work experience.**

How long did you work there, what were your responsibilities, and what did you do with your earnings? I worked as a Intern at \_\_\_\_\_ from June 2019 -August 2019. I did everything from filing paperwork to washing trucks. I had a lot of different duties that gave me a balanced set of skills. As for what I did with my money, I put some of it in savings and the rest of it went to going out with my friends.

### **What has your work experience taught you?**

Since I was the youngest person at the company, it taughts me how to work with people of a larger age gap. The work also taught me how to be flexible. I came in everyday not knowing what my asks were going to be that day. I had to be flexible to do whatever was needed.

### **Describe any extraordinary responsibilities you have at home or any information you think may be relevant for the judges to see.**

**Prompt: If you were running for President of The United States, what would be your platform?**

If I was running for President, My party platform would be Democrat. With all that is going on in todays society, I would want to change it. There are lots of systems in America that have not gone over a change in hundreds of years. Some of those systems are Education System and The Justice System. I want to make a change to them to help further todays society. For example, the education system was created back in the day when we needed people to work in factories. That means the kids were trained to just listen to directions and not think on their own. However, in todays society there is a need for creative thinkers. The school system the way it is now kills that creative spark that all kids have. I want to change that and help people create an environment that will further Americas future. Overall, my platform would be a stance to change America as we know it. Listen to all people and have their input in the country that they live in.

To Whom It May Concern,

I am writing on behalf of \_\_\_\_\_ who is applying for a scholarship for the 2020 fall term. I have known \_\_\_\_\_ for over three years as both her US Government, World History and US History and APUSH teacher. \_\_\_\_\_ was also my Teaching Assistant this semester for AP US History. \_\_\_\_\_ is a young \_\_\_\_\_ who demonstrates our core values in everything \_\_\_\_\_ does both on and off the campus. \_\_\_\_\_ work ethic combined with \_\_\_\_\_ intellectual curiosity makes \_\_\_\_\_ an outstanding student. The value \_\_\_\_\_ places on being a lifetime learner is evident in \_\_\_\_\_ character on campus.

\_\_\_\_\_ is supportive of every student and facility member that \_\_\_\_\_ encounters on campus. \_\_\_\_\_ is willing to serve other students in any way as well as lead the student body with a positive and energetic outlook on life. \_\_\_\_\_ is a strong leader, which is demonstrated, in \_\_\_\_\_ involvement in athletics and class events. \_\_\_\_\_ faith is lived out each day with our students and staff.

Finally, \_\_\_\_\_ is a hard worker and has excelled in \_\_\_\_\_ studies. \_\_\_\_\_ is focused on \_\_\_\_\_ future and has a plan to accomplish it. \_\_\_\_\_ will be an excellent candidate for your scholarship program. \_\_\_\_\_ is a free thinker and one who asks questions and leads in the class discussions.

There are some students that add such value to the day-to-day culture that when they graduate the campus will experience a loss. \_\_\_\_\_ is that kind of student. No matter what university \_\_\_\_\_ attends, \_\_\_\_\_ will be an asset to that campus.

Please contact me if you have any questions.

Thank you
